UPDATE OF FOREST-LLEWELLYN CEMETERY

RECORDS

Kirksville, Missouri

Compiled by Elizabeth Laughlin

Printed by City of Kirksville, Missouri

February, 1977

In October, 1977, two more old books, kept by the sextons, were discovered which had not been previously available in assembling the records of Forest-Llewellyn Cemeteries. One, the earliest, began with burials in the 1880's. Some local undertakers' records were also made available after the original compilation. All of these sources were sketchy and far from complete in information, but they were all searched and cross-referenced with the original work, with additional names and other information excerpted. A few burials have been made in the last year. These have been included. Mistakes in the original printing, which have been brought to my attention, have been corrected.

In the history on page 3, it should read that the memorial gates were given by Dr. William Schickhardt in memory of his wife (who is buried in Kansas City) and her parents, Charles and Kerolyn Hecker (buried in Forest-Beeman 17). On page 2, the name should be Mrs. C. H. Becker (not C. D.).

Forest-Llewellyn Cemetery was originally known as the Kirksville Cemetery. The following persons served as sextons: A. R. Morgan, 15 years; H. Holcroft, 14 years; J. F. Stinks, 6 years; Sam Morgan; Mr. Boyd in May, 1906; Charles Douglas, April, 1909; and Clint Myers in 1919.

These (+) additions and () corrections were completed November 1, 1978.
